

1. Site map — pages by role

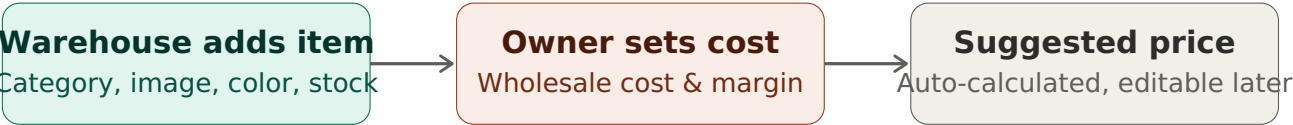

Login page branches into Super admin, Owner, and Warehouse sections

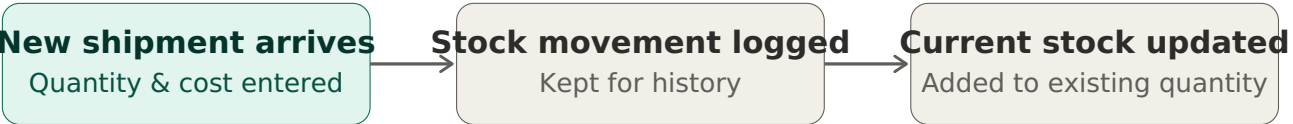

2. Products page flow

New product intake (top) and restock of an existing product (bottom)

New product

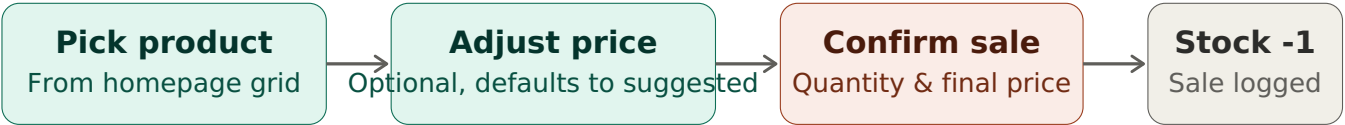

Existing product

3. Sell (POS) page flow

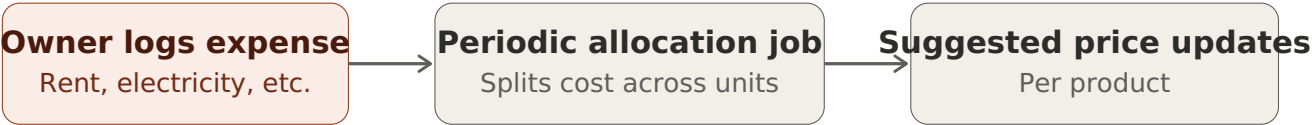

From picking a product to a recorded sale with reduced stock

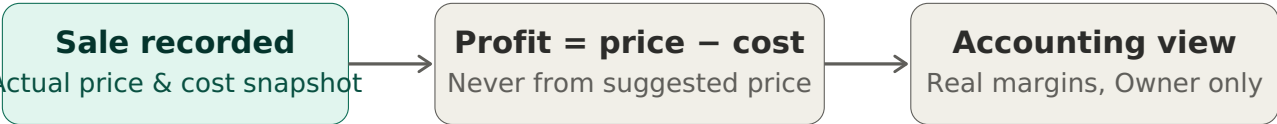

4. Business & accounting flow

Expense allocation into pricing (top) and real profit calculation (bottom)

Business — pricing

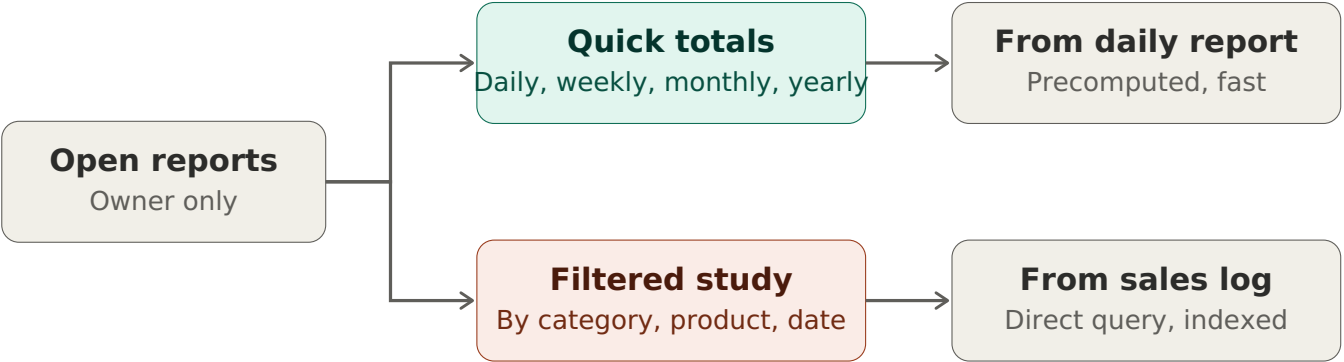

Accounting — real profit

5. Reports page flow

Quick totals (top) vs. detailed filtered analysis (bottom)

6. Categories flow

Either Owner or Warehouse can add a category; it's shared across the whole account
